Investments in alternative funds are speculative and involve significant risk of loss of all or a substantial amount of your investment. Alternative funds may: (i) engage in leverage and other speculative investment practices that may increase the risk of investment loss; (ii) can be highly illiquid; (iii) are not required to provide periodic pricing or valuation information to investors; and (iv) are not subject to the same regulatory requirements as prospectus-offered mutual funds. In assessing the suitability of this investment, investors should carefully consider their personal circumstances including time horizon, liquidity needs, portfolio size, income, investment knowledge and attitude toward price fluctuations. Investors should consult their professional advisors and consultants regarding any tax, accounting, legal or financial considerations before making a decision as to whether the funds mentioned in this material are a suitable investment for them.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the fund's offering documents before investing. The performance data provided assumes reinvestment of distributions only and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. The rates of return for periods of less than one year are simple rates of return. Past performance may not be repeated.

Series O units are available to individuals, institutional clients or dealers who have entered into an agreement directly with RBC GAM Inc. No management fees are payable by the fund in respect of Series O units. Unitholders of Series O units pay a negotiated fee directly or indirectly to RBC GAM Inc. Series O performance is gross of management fees.

Except as otherwise noted, the indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns.
