

RBC Target 2025 Education Fund

Investment objective

This fund is an asset allocation fund specifically designed to meet the changing needs of investors who are saving money for the purpose of funding a post-secondary education that commences around 2025. The fund gradually shifts its asset mix from an emphasis on equity funds, in its early years, to an emphasis on money market funds as its "target" date (2025) approaches. Over the life of the fund, its portfolio will shift from a focus on funds with growth potential to a focus on funds that will preserve capital.
