BlueBay Global Alternative Bond Fund (Canada) - Series F

September 18, 2020

This document contains key information you should know about BlueBay Global Alternative Bond Fund (Canada) (Series F). You can find more details in the fund's simplified prospectus. Ask your representative for a copy, contact RBC Global Asset Management Inc. (RBC GAM) at 1-800-463-FUND (3863), funds.investments@rbc.com, or visit www.rbcgam.com/en/ca.

Before you invest in any fund, you should consider how it would work with your other investments and your tolerance for risk.

The mutual fund is an alternative mutual fund. It is permitted to invest in asset classes or use investment strategies that are not permitted for other types of mutual funds. The specific strategies that differentiate this fund from other types of mutual funds include: increased ability to use derivatives for hedging and non-hedging purposes; increased ability to sell securities short; and the ability to borrow cash to use for investment purposes. While these strategies will be used in accordance with the fund's investment objectives and strategies, during certain market conditions they may accelerate the pace at which your investment decreases in value.

Quick facts

Fund code:	RBF9918	Fund manager:	RBC Global Asset Management Inc.
Date series started:	September 18, 2020	Portfolio manager:	RBC Global Asset Management Inc.

* This information is not available because this is a new fund.		Minimum investment:	\$500 initial, \$25 additional investment

What does the fund invest in?

The fund invests primarily in long and short positions of investment grade fixed-income securities issued by sovereign governments and entities, and corporations from anywhere around the world. It may also invest in high yield debt securities and emerging market sovereign and corporate bonds globally.

The Fund may engage in short sales, borrowing and/or derivatives for investment purposes. The Fund's aggregate exposure is calculated as the sum of the following, and must not exceed 300% of its net asset value: (i) the aggregate market value of securities sold short; (ii) the value of indebtedness under any borrowing arrangements for investment purposes; and (iii) the aggregate notional value of the Fund's specified derivatives positions excluding any specified derivatives used for hedging purposes.

The charts below give you a snapshot of the fund's investments on September 18, 2020. The fund's investments will change.

How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

RBC GAM has rated the volatility of this fund as **low**.

Because this is a new fund, the risk rating is only an estimate by RBC GAM. Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the sections entitled "What are the risks of investing in the fund?" and "Who should invest in this fund?" in the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Series F units of the fund have performed since the date they were created. Returns are after expenses have been deducted. These expenses reduce the fund's returns. However, this information is not available because the fund is new.

Year-by-year returns

This information is not available because the fund is new.

Best and worst 3-month returns

This information is not available because the fund is new.

Average return

This information is not available because the fund is new.

Who is this fund for?

Investors who:

- are seeking a combination of current income and modest capital growth potential
- want to diversify their fixed-income holdings geographically and by investment style by adding a global bond fund, that has the ability to use leverage, to their portfolio
- are planning to hold their investment for the medium-to-long term

A word about tax

In general, you'll have to include in your taxable income any money you make on a fund held outside a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account. How much income tax you pay depends on the tax laws that apply to you and the fund.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series F units of the fund. The fees and expenses - including any commissions - can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

Series F units are no load. That means you pay no sales charges if you buy, redeem or switch your units.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

The fund's expenses are made up of the management fee, operating expenses (the administration fee, other fund costs and taxes) and trading costs. The series' annual management fee is 0.75% and administration fee is 0.05% of the series value. Because the series of this fund is new, its operating expenses and trading costs are not yet available.

More about the trailing commission

Series F has no trailing commissions.

3. Other fees

You may have to pay other fees when you buy, hold, sell, switch or reclassify units of the fund.

Fee	What you pay
Short-term trading fee	2% of the value of units you sell or switch within 7 days of buying them. This fee goes to the fund.
Registered tax plan fee	Fees may be payable to your representative or to his or her firm if you transfer an investment within a registered plan to another financial institution. None of these fees are paid to us.
Advice and/or other services fee	Series F units are available to investors who have fee-based accounts with their representative firms. Investors pay their representative firm a fee directly for investment advice or other services.

**What if I change my mind?**

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

For more information

Contact RBC GAM or your representative for a copy of the fund's simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the fund's legal documents.
