

# BlueBay Global Alternative Bond Fund (Canada)

## Investment objective

To provide total returns comprised of interest income and modest capital appreciation. The fund invests primarily in long and short positions of investment grade fixed-income securities issued by sovereign governments and entities, and corporations from anywhere around the world. It may also invest in high-yield debt securities and emerging-market sovereign and corporate bonds globally. The fund may engage in short sales, borrowing and/or derivatives for investment purposes.
